ABOUT IFP INDIA

Integrated Fire Protection Private Limited (IFP INDIA), founded in 1984, is a leading manufacturer of fire-fighting products, including foams, dry chemical powders, extinguishers, vehicles, security products, and Li-ion battery fire extinguishing systems. Headquartered in Kolkata with a manufacturing unit in Jalpaiguri, it pioneers fire-fighting foam in India through collaboration with Fire Fighting Systems (FFS) AB, Sweden. Committed to high-quality products meeting global standards, its DSIR-certified R&D drives innovation and advanced fire-fighting solutions for domestic and international markets.

✓ CERTIFICATION

We are the first Indian Organization to receive ISO 9001 and ISO 14001 certification for manufacturing of Fire Fighting Products followed by UL certification, BIS marking, EN Approval in all range of products.

✓ RESEARCH & DEVELOPMENT

We have in-house R&D unit, recognized by Department of Scientific and Industrial Research, Govt. of India. Since inception, our team has been involved in quality improvement, import substitution, new product development, new processes for manufacturing etc.

✓ FIRE SAFETY SERVICES

Our NABL-accredited laboratory is one of the fully equipped and fine tuned laboratories in the filed of testing of Fire Fighting Chemicals. The laboratory has testing facility for Foam Concentrates, Dry Chemical Powders, Fire Extinguishers, etc. as per Indian and International Standards.

INNOVATIONS THAT PROTECT THE FUTURE

Introducing Fluorine-Free Foam, Lithium-Ion Battery Fire Extinguisher, High Expansion Foam Generators and Concentrates.

✓ FLUORINE FREE FOAM

Introducing our environmentally friendly Fluorine-Free Foams: IFP UNILIGHT GREEN SFFF 3 and IFP UNILIGHT GREEN AR-SFFF 3x3—the next generation of fire suppression. These foams provide quick extinguishment while maintaining the highest safety and environmental standards, as confirmed by their UL-approved certification. Designed with a non-toxic formulation, they are readily biodegradable and adhere to international environmental standards. Combining sustainability with performance, they are ideal for industrial and aviation applications.

UL-Certified to Fight Fires. Save Lives. Protect Nature.

- Green Screen Certified
- Total Organic Fluorine (TOF) < 1 mg/kg
- Completely PFAS free

✓ LITHIUM-ION BATTERY FIRE EXTINGUISHER & AGENT

It explores advanced safety with our cutting-edge solution for lithium-ion battery fires. IFP UNILIGHT SUPER-V provides an innovative method that rapidly cools, contains, and neutralizes thermal runaway risks, safeguarding both people and property. Compact, portable, and environmentally friendly, the extinguisher is ideal for today's battery-powered systems.

- EFFECTIVE IN CONTROLLING & EXTINGUISHING BATTERY FIRES
- PREPARED FOR DIRECT USE ON FIRES
- NON-TOXIC

✓ HIGH EXPANSION FOAM GENERATOR AND CONCENTRATE

IFP TURBO-HX Generators are UL-listed, feature a stainless steel body, and are highly reliable with a compact design. They are hydraulically powered, delivering an excellent foam output of up to 30,000 CFM and capable of operating across a wide pressure range, from 40 PSI to 100 PSI. IFP UNILIGHT-HX 2% high expansion foam concentrate is compatible with both fresh water and seawater, making it suitable for use regardless of water quality.
